## A FULL LENGTH MUSICAL FROM AUDITION TO PERFORMANCE IN JUST 24 HOURS!

A full length musical production produced in just 24 hours? It can be done! All of Adelaide is talking about the Adelaide Theatre Guide's theatrical extravaganza involving a wide cross-section of the Adelaide theatre community.

A show is announced which until that time has been a secret shared by only 3 people... Once the full length musical is known, everyone has just 24 hours to produce it including casting, costumes, sets, lighting, sound, music, rehearsals and more.

A paying audience arrives the following evening ready to enjoy the potential train-wreck that is both unique and entertaining.

All proceeds from this event go to the McGuinness McDermott Foundation to assist in their goal of improving all areas of Oncology treatment facilities for children in South Australia.

Supporting this worthy cause is Triple M 104.7 and their New Zoo breakfast crew. All three of the crew, John Blackman, Scott McBain and Cosi will be playing individual roles in this full length musical and will also be kept in the dark as to what the show is until the announcement.

Producer, Hayley Horton says:

"Our mission is to promote the value of live theatre to the Adelaide community by uniting South Australian artists in a unique and rewarding experience and what better way to do this than create chaos for a good cause?"

"We are delighted that the Triple M New Zoo team are participating in the mayhem and admire them for putting not only their talent on the line, but their sanity too!"

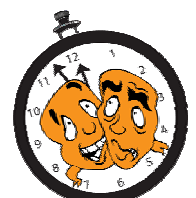

"This is the ultimate adrenaline rush for performers, crew, orchestra and audiences alike."

All of Adelaide is encouraged to witness the challenges that Adelaide's local talent can overcome and the hilarious ways a production can be produced under pressure.
